

Job Description

Measurement Technician

Summary

The successful candidate of this position is responsible for installing and maintaining liquid metering equipment on SWD facilities, processing piping, and pump stations. Other responsibilities include ensuring our measurement equipment is being installed up to company standards and is working correctly. Technicians answer trouble calls and/or coordinating the correct contractor for the job to get the issue resolved. **This position will be based in Carlsbad, NM.**

Essential Duties and Responsibilities

- Install, operate, troubleshoot & maintain metering equipment throughout the Delaware/Permian Basin
- Perform periodic accuracy tests including the calibration, inspection and maintenance of all equipment related to measurement
- Witness meter calibrations as needed, by internal or third-party contractors
- Understand water hydraulics and system gain/loss processes
- A good understanding of MODBUS communications (RS-485), 0-10VDC and 4-20mA loops
- Collect liquid quality samples for analysis as needed
- Comply with all regulatory, environmental and safety rules and standards, as well as policies
- Other duties as assigned within the scope of the business

Skills & Experience

- Clean driving record, background check
- High school diploma, GED, or equivalent.
- 2-5 years of experience in oil/gas measurement operations or related experience with metering as well as understanding of electronic flow meters
- Requires experience fluid meters, multi-meter and low voltage (12-24VDC and 120VAC)
- Candidate must possess knowledge of Microsoft Office Applications
- Must be a self-starter and possess the ability to work independently

Supervisory Responsibilities

This position is an individual contributor and does not have any direct reports

This position requires a valid state issued driver's license and employees must pass an initial drug and alcohol screening at hire. Incumbents in this position are also subject to random drug and alcohol screenings as per the DOT regulations.
